

Skype account refill via Idram

From now on it is possible to refill Skype accounts via Idram system. The minimal refillment amount starts from 0.5 USD equivalent AMD.

For this the user must click on the Skype banner placed on Idram official web page and log into his/her IdramID. Next step is to enter his/her Skype username and password and the amount of the sum, by which the user wants refill Skype account.

Sometimes Skype delivers your credits with a little delay. So we advise you to check your information on credits on www.skype.com.

The Amount Of Debts And Penalties On Property And Land Taxes

Now you can see your debts and penalties for property and land taxes online before paying.

For this you must enter the section «Property and land taxes» from your IdramID, enter the personal code of the property/land owner and press the «Search» button. After getting the necessary information, make the payment.

If you don't get your personal code from your administrative division yet, you can get it in online. For this you must pass three levels of Identification and then press the button «Get the code» mentioned above.

Afterwards you can check your debts and penalties and make the payment.
